

The Cyclix Networks Enterprise Plan

Rev—180510

The Enterprise Pricing Plan is intended for large volume users that connect to Cyclix Networks via their own VoIP switch, maintain their own billing system, and often times serve and resell to a set of customers downstream, offering variety of telecom services. Clients that fit this profile tend to be call centers, carriers, and/or large enterprise users.

Clients that have sufficient volumes and can qualify for this plan receive very aggressive pricing. Further, the plan is a one-stop shop for all telecom services, including bulk DID and 800 numbers, LNP services, and 911 services.

Minimum Monthly Commitment—\$300

Product (destination)	0+ Minutes Per Month	500K-1M Minutes per Month	1M-2M Minutes per Month	2M-3M Minutes per Month	3M-4M Minutes per Month	4M+ Minutes per Month
